Introduction

This handbook has been compiled to provide parents and students with the information they will need to experience maximum success while enrolled in the Lafayette Academy or ARC. The Lafayette Academy - ARC Team is here to provide the tools needed for success. Students, however, must be willing to pick-up these tools and use them. Respect and cooperation are essential factors in the formula for success.

The Lafayette Academy/ARC program serves students who have had truancy or behavioral related issues at their home school and have been referred with the anticipation that obstacles, which may have prevented their success while attending their home district school, might be minimized. Program success is dependent upon three key elements: Academics, Attendance, and Behavior

This handbook procedure is meant to apply generally to any pandemic or other health emergency and should be supplemented with other relevant and timely information.

Health Emergency Procedures

A pandemic is a global outbreak of disease. Pandemics happen when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads sustainably. Your child's school and district play an essential role, along with the local health department and emergency management agencies, in protecting the public's health and safety during a pandemic or other health emergency.

During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that impact your child. Please be assured that even if school is not physically in session, it is the goal of the school and district to provide your child with the best educational opportunities possible.

Additionally, please note the following:

1. All decisions regarding changes to the school environment and schedule, including a possible interruption of in-person learning, will be made by the superintendent in consultation with and, if necessary, at the direction of the Governor, Illinois Department of Public Health, local health department, emergency management agencies, and/or Regional Office of Education.
2. Available learning opportunities may include remote and/or blended learning. Blended learning may require your child to attend school on a modified schedule.
3. Students will be expected to participate in blended and remote instruction as required by the school and district. Parents are responsible for assuring the participation of their child. Students who do not participate in blended or remote learning will be considered truant.
4. All school disciplinary rules remain in effect during the interruption of in-person learning. Students are subject to discipline for disrupting the remote learning environment to the same extent that discipline would be imposed for disruption of the traditional classroom.
5. Students and parents will be required to observe all public health and safety measures implemented by the school and district in conjunction with state and local requirements.
6. During a pandemic or other health emergency, the school and district will ensure that educational opportunities are available to all students.
7. School personnel will work closely with students with disabilities and other vulnerable student populations to minimize the impact of any educational disruption.
8. Students who have a compromised immune system, live with an individual with a compromised immune system, or have a medical condition that may impact their ability to attend school during a pandemic or other public health emergency should contact school officials.
9. During a pandemic or other health emergency, teachers and school staff will receive additional training on health and safety measures.
10. In accordance with school district or state mandates, the school may need to conduct a daily health assessment of your child. Parents and students will be notified of the exact assessment procedures if this becomes necessary.
11. Parents should not send their child to school if their child exhibits any symptoms consistent with the pandemic or other health emergency.
12. Please do not hesitate to contact school or district officials if you have any concerns regarding your child's education, health or safety.

MISSION STATEMENT

The Lafayette Academy/ARC team is committed to fostering a positive and safe environment where: **All teachers are able to teach and all students are able to learn.**

The following are priorities of the Lafayette Academy/ARC program team:

- 1. Assessing each student's needs.**
- 2. Meeting each student's needs.**
- 3. Equipping each student for future success**

Each day, the Lafayette Academy/ARC Faculty will model appropriate behavior, practice effective communication, and work to develop a respectful relationship with all students.

Enrollment Requirements – Semester Goals

Academics - Attendance - Behavior

Enrollment in the Lafayette Academy or ARC program is a privilege awarded to those students who choose to make an effort to improve their educational situation. Passing Grades, regular attendance, and appropriate behavior will guarantee their success. Students who come up short in any one of these three areas will limit their ability to succeed. The primary responsibility of seeing one's name listed among the program graduates at the end of each semester depends mainly on each student and their ability to stay focused in these three areas.

Students in the Lafayette Academy or ARC program will each have independent goals for their progress that are developed at the time of their intake with our guidance office. All students will also be required to meet three school wide goals to maintain their enrollment at Lafayette Academy or ARC for each new semester. Please know that enrollment at Lafayette Academy is on a voluntary basis and that while initial enrollment will be granted to most students, continued enrollment is based on that student's performance, and is ultimately that student's responsibility. A student's ability to maintain enrollment at Lafayette Academy is determined by that student's performance in the areas of **academics, attendance, and behavior**. Below are the goals that we have set for student performance. Students will be required to meet their attendance goal and one of the other two goals each semester to maintain their eligibility to enroll at Lafayette Academy for the next semester. Students who fail to meet the attendance goal and one other goal may be referred back their home school for the next semester. Re-entry into the Lafayette Academy program for students that were referred back to their home school will be based on meeting two of these same goals in their home school program. Student goals are as follows:

- **Academic Goal - Students will earn a minimum of 3 credits (pass at least 6 classes) each semester.**
- **Attendance Goal - Students will maintain 90% or better attendance each semester.**

Absences will accumulate in half or full day segments in compliance with state statutes. Students who fail to meet this attendance goal may be referred back to their home school for the next semester.

- **Behavior Goal - Students will earn fewer than 40 misconduct points each semester.**

ACADEMICS

The first ingredient to the schooling success formula is Academic Achievement and Credit Acquisition. Upon enrollment, each student agrees to make steady progress towards their graduation requirements. While attempts are made to address student's special needs when creating the policies and guidelines that govern the program, each student is responsible for completing the work required to the satisfaction of the classroom teacher and their respective home district before the student may graduate. Therefore, should a student be excused absent from class for any reason, it will be the responsibility of the student to make up the missed class work before or after school. It is not the teacher's responsibility to re-teach all of the missed instruction during subsequent regular class periods. Neglecting to make up assignments may result in failing to obtain a grade average of 70% or above, which is needed to pass and receive credit for a class.

All students enrolled in the Lafayette Academy or ARC will be expected to successfully complete a minimum of six of the eight classes expected each semester.

I. Instructional Services Disclaimer:

Although the Lafayette Academy is designed to serve the educational needs of a diverse population of 9th– 12th graders who have had a history of truancy and truancy related needs, it is NOT designed to be everything for everybody. Therefore, special needs students with an active IEP, students coming from a DOC facility, and/or students with severe drug or alcohol problems will NOT be considered viable candidates for the program. They may, however, be a candidate for The Regional Safe School or a district sponsored special education program.

II. Class Structure / Report Cards:

Lafayette Academy/ARC has four grading periods each year. These grading periods will each consist of four block style 80 minute long classes. These classes will be equivalent to a traditional semester-long class and allow students the opportunity to earn two credits each quarter and ultimately eight credits over the course of one year at Lafayette Academy. Additionally, parents are encouraged to monitor their student's progress throughout each quarter by staying in contact with the home room teacher and discussing progress with their student on a regular basis.

III. Credits:

Credit may be earned in the following manner:

1. Successfully complete an Edgenuity Independent Study Course with a grade of 70% or higher and receive ½ credit
 2. Successfully complete a full semester in the Lafayette Academy Work Study Program for ½ credit
 3. Successfully complete an in-house work study assignment and earn ¼ credit
 4. Successfully complete a student government (Student Council) for ¼ credit
 5. Progress reports will be sent home by a home room teacher several three times per quarter at a minimum. These reports are generally sent via email but can be set up through phone contact if preferred.
3. Once a student has earned the necessary credits required for graduation by their home school district they will be allowed to participate in commencement and receive a high school diploma issued by their home school.

IV. Parent Teacher Conferences:

Parent/Teacher Conferences are held twice per year, once in the fall and once in the spring with a morning and evening session available at each. Conferences will be used to review each student's progress toward the goals developed on their IOEP at their intake meeting. While conference participation is encouraged for all students who are failing to meet program enrollment requirements will have mandatory meetings. These meetings will be scheduled 1 to 2 weeks prior to the meeting date.

V. Early Graduation:

Seniors who have completed all graduation requirements at the end of their seventh semester may elect to be an early graduate. They must have been approved for early graduation by their home district. Early graduates will receive their diplomas at commencement ceremonies in May/June.

VI. Shortened Schedule:

A shortened schedule for those students close to meeting graduation requirements will only be allowed in the second semester of a student's Senior year and through the approval of both the home school and Lafayette Academy administration, if deemed necessary, and is in the best interest of the students. The student must attend at least ½ day. No student will be allowed a shortened schedule during the first semester of their senior year.

VII. Driver's Education:

Lafayette Academy does not offer Driver's Ed. Students must return to their home school to take both the classroom and driving portion (which is generally completed after school). Students must have passed a total of 8 classes the two previous semesters and must be at least 15 years of age by the cutoff days to take driver education: 1st semester – November 30th, 2nd semester – April 30th, summer- August 31st. Students cannot receive credit in the driver education classroom phase if they have missed more than two classes. However, it is possible that a student may miss more times due to illness, death in the family, etc., and the absence would not be their fault. In a case such as this, students can make up as many as three classes after school. Therefore, students who miss no more than five days can make-up the time; if students miss more than five days they will be dropped from Driver Education.

VIII. Grading Standards:

The Lafayette Academy Program uses the following standard grading scale:

A = 90% - 100%

B = 80% - 89%

C = 70% - 79%

F = 69% and Below

VIX. Exam Exempt Policy

All students will be required to take a final exam for each of their classes. No exemptions are permissible at this time.

X. Academic Eligibility:

Academically eligible students enrolled at Lafayette Academy are often allowed to participate in their home district's sports programs and other extracurricular activities. Students desiring to explore these options should notify the Lafayette Academy Administration at the time of their enrollment.

XI. Work Study Credit

Work Study Credit is available to students who are employed outside of school for 10 or more hours per week. Each employed student must submit the appropriate work study forms to the Work Study Coordinator **within the first 4 weeks of each new semester**. The employment must extend through the semester for credit to be earned. Credit will be awarded following an employer interview and satisfactory job performance evaluation. Students must maintain good school attendance. Any student who exceeds 3 unexcused absences per semester will not receive work study credit.

ATTENDANCE

I. State Attendance Expectations:

Illinois law requires that whoever has custody or control of any child between seven and seventeen years of age (unless the child has already graduated from high school) shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session. Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

There are certain exceptions to the attendance requirement for children who: attend private school, are physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), are lawfully and necessarily employed, are between the ages of 12 and 14 while in confirmation classes, have a religious reason requiring absence, or are 16 or older and employed and enrolled in a graduation incentive program.

Attendance is key. First and foremost, students must be at school to succeed. "Being here" includes being on time.

Plan to arrive by 8:00 a.m. and remain until 2:15 p.m. Each student is encouraged to take care of all personal business such as: doctor, dentist, hair, counseling appointments, and job interviews, etc. either before or after school.

Students arriving after 8:00 may be marked tardy and will receive a level 4 misconduct referral for every 6 tardys acquired in a quarter. Students not checked in and in class before 8:35 will be marked ½ day absent.

Students under the age of 18 who need to leave before the end of the school day will be required to be physically signed out by a parent or guardian in the office before their departure unless other arrangements are made prior to the beginning of that school day. Please take time to study the school's attendance policy, as your progress depends on it.

Any time missed will be counted as a half day (160 minutes or less) or full day (more than 160 Minutes) absence.

II. Daily Schedule:

The official school day for all students is from 8:00 AM to 2:15 P.M, Monday through Friday.

All students will be scheduled for four academic classes daily:

<u>Standard Schedule</u>	<u>12:10 Dismissal Schedule</u>	<u>1:15 Dismissal Schedule</u>

12:55-2:15 Period 4		12:10-1:15 Period 4

III. Absences:

The State of Illinois considers a student attending school less than 95% of the time to be truant. A successful Lafayette/ARC student will attend classes regularly and on time. Attendance interventions will be put in place to assist students in maintaining a healthy discipline of attending behaviors. Students with excessive absences will be referred for Truancy/Outreach services. A student required to attend school may be excused for a temporary absence resulting from any cause approved by the Lafayette/ARC Coordinator and/or Principal of the Home School. Excuses may include, but are not limited to, personal illness, death in the family, court appearance or dangerous weather or road conditions. However, excessive school absences are detrimental to a student's academic success.

IV. Reporting of Absences:

If a student is ill, the parent or guardian should notify Lafayette academy before 8:30 A.M. the day of the absence. Once a written excuse (aka. doctor note, court papers, etc...) is provided for the absence, the student will be granted access to their Edgenuity classes and able to work from home for the duration of their excused days. Students who fail to notify the school will be counted as unexcused absent for that day unless medical excusal documentation is provided upon return. It is the responsibility of the student to make up all work missed due to an absence. On days where a student is unable to attend due to illness, the student can work from home if they are able.

V. Notification procedures:

Parents/guardians need to contact Lafayette/ARC to notify personnel of their student's absence.

Parents/guardians will be notified through our all call system for all unreported absences.

Parents will be notified a minimum of four times by their students home room teacher each semester of their students' progress toward meeting their attendance, behavioral, and academic goals

Students who fail to maintain an 90% or better attendance rate each semester will be subject to truancy policy and procedures and will have failed to meet their attendance goal. Students failing to meet this semester attendance goal can be referred back to their home district at the discretion of Lafayette academy/ARC administration.

VI. Tardy Policy:

Students are expected to be punctual and respectful of other people’s time. Tardiness not only impacts on the beginning of the student’s day, but also is disruptive to the class and infringes upon the rights of others. At Lafayette/ARC we understand that life can be filled with unexpected challenges but it is essential that students arrive on time. **Students should be in the building no later than 8:00 A.M. and in class before the end of each five minute passing period.** Students who are tardy 8 times in a quarter will be issued a level 4 disciplinary referral and will be required to meet with the program coordinator/principal to assess the cause of their tardiness and explore solutions. Students who continue to be tardy will receive a level 4 referral for every 8 additional tardies they receive during that quarter. Students not checked in and in class before 8:35 will be marked ½ day absent. Students under the age of 18 who need to leave before the end of the school day will be required to be physically signed out by a parent or guardian in the office before their departure unless other arrangements are made prior to the beginning of that school day.

VII. Release of Students:

The official school day for all students at Lafayette/ARC is established in the daily schedule. Students may not leave school for any reason, except a family emergency or with the permission of administration. A request to be dismissed early must be confirmed through a parental telephone call indicating the time and the reason. Leaving school grounds without administrative approval will be considered a suspendable offense.

VIII. Visitation Policy:

No visitors will be allowed on Regional Alternative School sites unless approved by the Director or Regional Superintendent of Schools. Unwanted visitors will be asked to leave the building site immediately. If they do not cooperate, law enforcement authorities will be called and criminal trespassing charges will be filed.

IX. School Cancellations:

If school is closed or starts late due to severe weather, a power outage or other problems, an all call will be sent out to announce our closings. Only under extreme circumstances will school be closed once students have arrived. We will follow the recommendations of the Jacksonville School District and will only have in person attendance if Jacksonville does as well. Therefore if Jacksonville School District 117 is announcing closed due to weather conditions, Lafayette Academy will not be in attendance that day either. Students from outlying districts will only be required to be in here for in person attendance if both Jacksonville and their home district are both in attendance on that day.

X. Pregnant Teens:

Students who are pregnant may attend The Lafayette Academy Program, but will be expected to adhere to the same attendance requirements as any other student, with the following exceptions:

Dr. Scripted bed-rest	Maternity Leave
Should a pregnant student's doctor determine that a student, who is enrolled in Lafayette Academy and is in good standing with the program, need to be confined to her home on bed-rest*, it will be the student's responsibility to have their assignments picked up from school weekly and returned completed the following week. Should a student on bed-rest satisfactorily complete her assignments, as required and obtain passing grades, she will be awarded the appropriate credit for the work completed and be allowed to return without penalty upon Dr.'s release.	Pregnant students who remain in good standing with the program up until the time of their delivery, will be allowed an excused 6-week maternity leave from the date of their baby's birth. It will be the student's responsibility to have their assignments picked up from school weekly and returned completed the following week. Should a student on maternity leave satisfactorily complete her assignments, as required and obtain passing grades, she will be awarded the appropriate credit for the work completed and be allowed to return without penalty when her 6-weeks is up.

*A script denoting mandatory home confined bed rest will need to be submitted to the school by the pregnant student’s doctor, before home study can be approved. All other extended leaves due to a serious medically related condition must be approved by the Administration before homebound study can be arranged.

BEHAVIOR

Behavior is another key factor for program success. Students who enroll in the Lafayette Academy or ARC program agree to maintain order and discipline each day and should remember that school rules and policies are set up to promote their success. The employees of Lafayette Academy and ARC are here for the benefit of the students and should therefore be treated with respect at all times. Students failing to maintain appropriate behavior and/or becoming disrespectful to staff members will be asked to leave their classroom or the school.

I. Positive Reinforcement Rewards

Students enrolled in the Lafayette and ARC programs can earn rewards by exhibiting positive behaviors and meeting certain criteria. The following are privileges that can be earned:

35% or higher progress for the week = access to music via soundcloud or pandora

Class with the highest average progress for the quarter = quarterly progress lunch

Each class finished = 1 entry into quarterly prize drawing

90% or higher attendance rate for the year = hat pass or lunch time phone pass daily

No disciplinary referrals for the month = monthly special lunch

50% progress, no disciplinary referrals, and no absences for the week = remote Friday weekly

Good behavior, attendance, and progress = Nomination for the LLC student of the month reward

II. Student Behavior Policy

Student misbehavior is not acceptable and will not be tolerated. In order to ensure that disruptions are minimized, students will be checked and wanded with a metal detector upon entering the building. On occasion students will be patted down to ensure that no prohibited devices or items are in their possession. If a student refuses to be wanded or checked they will be sent home for the day and it will be considered an unexcused absence for that day. Once a student has entered the building it is expected that they follow the school rules as set forth by this handbook. Failure to comply with these rules will result in a disciplinary referral and misconduct points being issued.

Students who receive a referral and recovery period that continue to struggle and have to be removed from class a second time that day will be sent home for the remainder of the day. Time missed due to this behavior will be recorded as an unexcused absence for each class period missed. Any student who receives two Step 5 disciplinary referrals in a semester may be suspended and/or dis-enrolled from the program immediately at the discretion of Lafayette Academy/ARC administration.

Students who exceed 40 misconduct points in a semester will have failed to meet their behavior goal for that semester and may be referred back to their home school if they have failed to meet either of their other two goals.

V. Progressive Discipline Steps:

All steps are documented through the office.

POLICIES AND PROCEDURES

I. Bus Transportation

Each individual school district provides bus transportation to and from school for all students living 1.5 miles or more from the school. A list of bus stops will be published at the beginning of the school year before student registration. Parents must, at the beginning of the school year, select one bus stop at which a student is to be picked up, and one stop at which a student is to be dropped off. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the building principal.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building principal. Parents will be informed of any and all inappropriate student behavior on a bus. Parents are encouraged to discuss bus safety and appropriate behavior with their children before the beginning of the school year and regularly during the year. In the interest of the student's safety and in compliance with State law, students are expected to observe the following rules:

1. Choose a seat and sit in it immediately upon entering the bus. Do not stand in the entrance or in the aisle.
2. Do not move from one seat to another while on the bus.
3. Keep all parts of the body and all objects inside the bus.
4. Loud conversation, singing, boisterous conduct, unnecessary noise or profanity is not allowed.
5. Enter and exit the bus only when the bus is fully stopped.
6. All school rules apply while on the bus, at a bus stop, or waiting for the bus.
7. Use emergency door only in an emergency.
8. In the event of emergency, stay on the bus and await instructions from the bus driver.
9. Good behavior and behavior that will not distract the bus driver from operating the bus safely is required. Crowding, pushing, scuffling, and other needless commotion are grounds for disciplinary action.
10. Do not open windows.
11. Keep the bus neat and clean.
12. Athletic footwear equipped with cleats or spikes are not allowed on the bus.
13. Inappropriate behavior will be reported to school authorities and failure to observe safety rules may result in suspension from bus services.
14. Be waiting at your bus stop on time.
15. Never tamper with, damage, or deface anything in or on the bus, or any of the bus or school equipment.
16. Keep book bags, books, packages, coats, and other objects out of the aisles. Keep all body parts clear of the aisles when seated.
17. Eating is not permitted on the bus.
18. Parents will be liable for any defacing or damage students do to the bus.

Students may be suspended from riding the school bus for up to 10 consecutive school days for engaging in gross disobedience or misconduct. If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the school board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The district's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

Video and audio cameras may be active on busses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus.

For questions regarding school transportation issues, contact your home school principal or transportation supervisor.

II. Fines, Fees, and Charges; Waiver of Student Fees ¹

The school establishes fees and charges to fund certain school activities. Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment.

Applications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee. A student is eligible for a fee waiver if at least one of the following prerequisites is met: 1. The student currently lives in a household that meets the free lunch or breakfast eligibility guidelines established by the federal government pursuant to the National School Lunch Act; or 2. The student or the student's family is currently receiving aid under Article IV of the Illinois Public Aid Code (Aid to Families of Dependent Children). ²

The building principal will give additional consideration where one or more of the following factors are present:

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Seasonal employment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

The building principal will notify the parent/guardian promptly as to whether the fee waiver request has been granted or denied. Questions regarding the fee waiver application process should be addressed to the building principal.

III. General Fees

A. Registration/Book Fee:

\$50.00 Due at the time of registration. Reduced Fee: \$30

Applications for the State Free/Reduced Lunch Program are available in your home school office and should be submitted there when registering your student for school each fall. **Lafayette Academy has a closed campus lunch policy. Students must stay in their assigned area until dismissed from Lunch.**

VI. Prevention of and Response to Bullying, Intimidation, and Harassment

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate.

Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important district and school goals.

Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.

Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.

Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

Placing the student or students in reasonable fear of harm to the student's or students' person or property;

Causing a substantially detrimental effect on the student's or students' physical or mental health;

Substantially interfering with the student's or students' academic performance; or

Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Cyberbullying means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications.

Cyberbullying includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying. Cyberbullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an

electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying.

Bullying may take various forms, including without limitation one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the building principal, nondiscrimination coordinator, district complaint manager or any staff member with whom the student is comfortable speaking. All school staff members are available for help with a bully or to make a report about bullying. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. A student will not be punished for reporting bullying or supplying information, even if the school's investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

Upon notification of a bullying incident school administration will investigate the alleged incident and contact all involved parties and their parent or guardian within 24 hours of the report. At this time the parties will be informed of the allegations made, any findings of the administrative investigation, consequences of those findings if any, and will be provided resources for appropriate social work, counseling, or intervention services as needed.

VII. Dress Code Policy:

Students are required to follow the Lafayette Academy/ARC Dress Code.

**Students who violate the LA dress code can be asked to turn the garment inside-out, call home for someone to bring a change of clothing, or be asked to remove the item. Students in violation of the dress code will not be allowed to attend class until the violation has been corrected. If a student refuses to correct the dress code violation they will be sent home for the day and it will be considered an unexcused absence for that day.

Students must agree to remove their hoods from their heads in the front foyer outside the main office as they enter the building. Under no other circumstances should hoods be worn. A "zero tolerance" approach will be taken to hood related violations, which means that any student caught with a hood on his/her head in the building will be asked to remove the article of clothing and sent to the office. Confiscated hooded clothes will remain in the office to be picked up by their owner at the end of the school day. Progressive discipline Steps will begin and students will lose the privilege of wearing hooded-wear for the remainder of the current semester.

If assigned, the mandatory \$5 lock deposit will be refunded when the lock is returned and the locker is cleaned out upon student exit from the program. Lockers are the sole property of the Lafayette Academy and may be checked at any time. Students will be held responsible for any prohibited items found in the locker that was assigned to them at registration during a locker check. Students are therefore encouraged to not share lockers or combinations with any other student. B. Students

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

XVI. Medication:

A. Prescription Medication

It is best to administer medication at home, yet there are times when medication must be given during school hours. Since the school has no school nurse, a non-medical staff member will supervise the administration of student medication. Parents are encouraged, with the help of their physician, to work out times to give medication outside of school hours whenever possible.

- No prescription medications will **be given without a doctor's order and written parent permission**. A Valid physician's order for medication will include the following:
 - o **Name** of the medication and
 - o **Dosage** (in milligrams, not number of pills or tablets)
 - o **Time(s)** of administration
 - o Any special handling requirements and potential side effects
- Parents must file a prior written consent to distribute medicine with the office every year or whenever the prescription changes.
- Short-term medicines (those to be taken for less than 2 weeks)-such as an antibiotic-will be given when the parent part of the permission form is completed. The medication must be sent to school in the original pharmacy container and it must have a proper label on it along with directions for proper storage.
- Students are not allowed to have medication in their possession. **This includes prescription throat lozenges and prescription cough drops**. This practice provides for the safety of all the students on site. The only exception is if the student is in danger without the medication, such as an inhaler for asthma. Such medication must be approved by the Principal.
- Medication must be brought to school in the original, labeled, pharmacy container. It must be prescribed for the person that it will be given to at school. We will not give medicines that are sent in a plastic bag or any other form of re-packaging.
- Each student is encouraged to be self-reliant about receiving medication. Every effort will be made to protect their privacy regarding the receipt of medicine at school.
- It is important to keep the Principal informed about other medications that your child may be taking outside of school so that we can monitor students for potential side effects. The Principal will consult area health professionals, as needed, about medication and health issues.
- When an injection-administered medication is prescribed to prevent a student from going into anaphylactic shock (e.g. Epi-Pen), two people who are regularly present at the site, may be trained by a medical professional to administer this medication. The responsibility of securing the training of the school staff falls to the parent/guardian. The physician must clearly define, in writing, the circumstances under which this medication is to be given for the school. Following the administration of this medication, the paramedics will be called and the child transported to the hospital for immediate follow-up care. A parent/guardian will be notified immediately.

B. Non-Prescription Medication:

The following procedures must be followed when it is determined that a student must take medication during school hours:

- **A student must have a non-prescription medication Permission Slip signed and dated by a parent or legal guardian on file in the office (see Appendix B), before any non-prescription medicine will be administered.**
- The Principal or his designee may administer medication.
- Parent/guardian may come to the site to administer the medication to their child.
- Medication shall be brought to the site in the original manufacturer's packaging
- The student should self-administer the medication under appropriate supervision whenever possible. The exact amount of medication will be given to the student for self-administration.
- Medications, when not in use, will be kept in a secured storage container at all times.
- Only the person designated by the Principal to administer medication will do so. Substitute staff shall not administer medication unless cleared by the Principal. The Principal shall instruct the designated staff member on correct procedures.
- A permanent log will be maintained on all medications given by school personnel. This document will include the name and age of the student, name of medication, dosage, date and time administered, and the name of the person administering the medication.
- Unused medication will be returned to the parent/guardian at the end of the school year.
- Any change in medication or dosage must be reported immediately IN WRITING by the parent/guardian or physician. Changes

will then be recorded on the permission form and administration log.

- School personnel will not administer over the counter medications, such as Aspirin, Tylenol, etc., without Principal's approval.
- "As needed" medications, e.g. medication for an asthma episode, shall be administered in accordance with the procedures above.

C. Undesignated medications:

The school may maintain the following undesignated prescription medications for emergency use: (1) Asthma medication; (2) Epinephrine injectors; (3) Opioid antagonists; and (4) Glucagon. No one, including without limitation, parents/guardians of students, should rely on the school or district for the availability of undesignated medication. This procedure does not guarantee the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medication(s).

XIX. Life Saving Equipment and Services

A defibrillator will be located in the building and accessible for use. It will be mounted on the wall in the front foyer across from the main office. Program Staff will be trained and certified to use the equipment. In the event a student's heart were to stop beating or beat in an irregular life threatening manner, trained staff and the necessary equipment would be available. In addition, in the event that a student were to have an airway obstruction and be unable to breathe, program staff certified in CPR would be available to assist.

XX. Notification of an Accident and/or Injury

Emergency care will be provided. A staff member on duty will complete an accident/injury report and reasonable action will be taken to prevent recurrence.
